Fighting for fair pay for NHS staff

## NHS pay

Dave Prentis – General Secretary

### A big thank you!

Dear colleague,

First I'd like to say a big thank you for your amazing efforts during the industrial action last week.

I was visiting picket lines during the four-hour strike on Monday. The number of you out - often in the driving rain - was incredible.

I was also pleased to see the overwhelming public support for our case.

The coverage we got in local and national media on strike day was brilliant, as were the messages of support on social media for the entire week of action.
