INFORMATION

Over the last 2 weeks several meetings between Staffside and Senior Managers have taken place to discuss our next day of action on the 29th. January 12:00 midday to 00:00 midnight.

The ongoing Regional talks on how this may affect all of WMAS are now on hold, following direction given to our Regional Officer Ray Salmon during today's meeting, by our Head of Health.

National talks are still ongoing in London today and we will endeavour to keep you informed as soon as news reaches us.

Please watch this website for updates.

Contact your local UNISON Representative should you wish to discuss matters further.
