## Continued Industrial Action

Just a gentle reminder that Industrial Action continues this week in the form of

- No planned overtime from midnight on Monday 13<sup>th</sup> October until 23.59 on Friday 17<sup>th</sup> October ( including sporting events and extra specific cover )

AND

- ALL staff take their breaks UNDISTURBED and DO NOT offer to work outside their break windows for the same period of time.

Again we recognise how difficult these decisions are for staff but do appreciate your continued support and actions.
