

## Save Solihull's Ambulance Cover

Today at 00:27 ·

### CAMPAIGN VICTORY!!

West Midlands Ambulance Service has announced they are going to remodel the ambulance service in Solihull which will mean that ambulances will be permanently based in Community Ambulance Stations in Solihull, Olton and Shirley.

This announcement has come after a eight month long campaign by Local MP Lorely Burt and local Liberal Democrats to restore permanently based ambulances to Solihull after the closure of Solihull Ambulance Station.

Thank you to everyone that signed the petition, helped deliver leaflets and has help with the campaign over the past 8 months.

Well done everyone!
